

ARTISTIC WORK: PERFORMANCES, EXHIBITIONS, AND PRODUCTIONS LISTED BY DEPARTMENT (2006)						
<i>College of Arts & Sciences, Eastern Kentucky University</i>						
Artistic works with more than one contributing college faculty are listed under each faculty and identified by the same number but with a different letter (for example 1a, 1b, and 1c). Such entries are considered as a single activity in counting the number of unique activities from a given department. Likewise the number of students involved in such activities is counted only once to avoid duplication. The exception is in theatre where students participating in a given play (identified by for example, 1a and 1b) are usually different and perform uniquely different roles (e.g. costume design vs. lighting).
